

TEAM PROGRAMS

Freestyle Program

This program is for Season Pass holders, ages 18 and under, with the ability to ski or ride the mountain. All abilities of freestyle, from intro to advanced, are welcome. If you are interested in improving your talents, here's your chance. This program integrates physical skill development and safety awareness, with a great opportunity to make new friends. Coaches combine fun and challenge to develop the techniques needed to pull off freestyle maneuvers in both disciplines. Those interested in competing at other mountains must join the USASA. The Catamount Freestyle program is a great way to enjoy lots of fun moments and (for those qualifying) a chance to compete against other local teams. You get all of this for a registration fee of only **\$235**.

Interclub Race Program

If your child is seeking a challenge beyond the Mountain Cats program, may we suggest inquiring about our Interclub Racing Program? This season-long weekend program provides almost 30 days of participation including race days. Our racing staff will work with your child to teach the finer techniques of skiing and racing as well as competing against other Berkshire Mountain race programs. A season pass is required.

Children's Playroom

If you have a child that doesn't ski or ride, is between the ages of 2 and 6 years of age, and is toilet trained, then Catamount's Children's Playroom may be what you're looking for when you want to hit the slopes yourself. Activities include toys and age appropriate videos. Children **MUST** be toilet trained. Sorry, **NO exceptions**.

THE CAT IS ON THE MOVE

That's right, great things continue at Catamount! With the most green-circle "easier" terrain in the Berkshires, The Meadows, served by the Meadows Triple Chair lift, features

Upper Promenade and Lower Promenade. Cruisers enjoy miles of groomed blue-square terrain, including a route from the summit over 2 miles long—The Berkshires longest run!
